

An Open Invitation

Aquaculture Biosecurity

Special Session & 2-Day Workshop *World Aquaculture 2017*

New Frontiers for Economic Growth
Cape Town, South Africa
June 30 - July 2, 2017

Biosecurity Special Session (June 30): Abstracts for 15-minute presentations dealing with any approaches for preventing, controlling or eradicating infectious diseases, particularly those involving disease surveillance, diagnostics, economic or other impacts, certifying disease freedom, OIE standards or National regulations, are particularly encouraged.

For full consideration, submit your abstracts by April 1, 2017 at:
<https://www.was.org/meetings/Default.aspx?code=WA2017>

Biosecurity Workshop (July 1-2): Open to 100 attendees to participate in facilitated table-top and on-farm training exercises for preventing, controlling or eradicating infectious diseases, using OIE standards. Lunch, workbook and transportation is included.

To ensure a seat, register by April 1, 2017 at:

www.fisch.vetmed.uni-muenchen.de/biosecurity/iavbc_workshop_2017

For additional IAVBC questions, contact: IAVBC@vetmed.lmu.de

The Special Session and Aquaculture Biosecurity Workshop is supported by

Please note that IAVBC or collaborating organizations are unable to subsidize registration fees, travel or hotel costs.
